

Guelph General Hospital's Gifts of Gratitude

A thoughtful way to recognize the care you or a loved one received while in our hospital.

Making a donation to The Foundation of Guelph General Hospital in honour of one of our caregivers is a great way to say “thank you”, while honouring their work.

Your gift will help to ensure that state-of-the-art medical care and superior diagnostic services are available for us all.

You may honour any Guelph General Hospital physician, staff person or volunteer – or any area of care. The Foundation will send a personalized card to the honored caregiver(s) to recognize your thoughtfulness, along with a special lapel pin.

The amount of your gift is not shared and you will receive a tax receipt for the full amount of your donation.

For more information, contact The Foundation of Guelph General Hospital at 519.837.6422.

Or, you can visit our website www.gghfoundation.ca.

Your appreciation lives on by helping others.

“My family and I are profoundly grateful for the remarkable care I received here.

Making a donation in honour of the physicians and staff was an easy way to show our appreciation – and it feels good knowing it will go towards purchasing the tools and technology they need to continue to save lives, just as they did mine.”
