

Transforming healthcare through giving

Equipment and Projects Supported by Donors

In the fiscal year 2023-2024, the contributions from our generous donors enabled transfers totalling \$6,450,387 to Guelph General Hospital, facilitating advancements in patient care for our community. The following outlines some of the equipment, renovations and projects made possible by these generous contributions.

DESCRIPTION	IMPACT	AREA/DEPARTMENT
Mural Restoration	To support patience experience	Ambulatory Care
Pocket talker/headphones	Vendor: HALL TELECOMMUNICATIONS SUPPLY LTD.	Ambulatory Care
Diagnostic Surgeons Headlight	No Description Available	Ambulatory Care
Electric Procedure Tables (4)	No Description Available	Ambulatory Care
Tourniquet	No Description Available	Ambulatory Care
Ultrasound Machine-General (3)	New ultrasound technology replacing older machines.	Diagnostic Imaging
PATIENT VITALS MONITOR	To non-invasively and automatically measure vital signs including blood pressure, pulse rate, and oxygen saturation.	Diagnostic Imaging
MR Breast CAD (Computer Assisted Diagnosis)	No Description Available	Diagnostic Imaging
MRI Ceiling Lift (timing is right with new MR install)	No Description Available	Diagnostic Imaging
MRI Scanner	No Description Available	Diagnostic Imaging
Provis Power injector -OR Vascular	No Description Available	Diagnostic Imaging
Siemens Mammo Breast CAD (Computer Assisted Diagnosis) (2)	No Description Available	Diagnostic Imaging
Sonosite (used for difficult IV starts)	No Description Available	Diagnostic Imaging
Transducers (2)	No Description Available	Diagnostic Imaging

Insufflator (10)	No Description Available	Diagnostic Imaging, Operating Room
Magnetic Resonance Imaging Machine (MRI) Project	includes MRI plus related construction costs	Dianostic Imaging
Venous Doppler	A non-invasive test of a patient's blood flow by using ultrasound technology.	Emergency Department
Cast saw	A specialized medical-grade saw to cut off casts.	Emergency Department
Crayons	Distraction aids for children	Emergency Department
Toys/Stickers	Distraction aids for children	Emergency Department
Bariatric air pal transfer device	To transfer patients from one platform to another. This device reduces the effort needed by staff to move patients by 80% to 90%.	Emergency Department
Replacement ECG machine (2)	No Description Available	Emergency Department
Ring removal kit	No Description Available	Emergency Department
Statpack Bag	No Description Available	Emergency Department
Step monitors (portable spacelabs cardiac monitor - supports ambulance offload)	No Description Available	Emergency Department
Stethoscope	No Description Available	Emergency Department
Zoll Monitors year 1	No Description Available	Emergency Department
Glidescope (8)	Single-use laryngoscopes blades used for video visuals of laryngeal inlet and the vocal cords.	Emergency Department, Intensive Care Unit, Operating Room
Special Care Nursery	Final construction costs	Family Birthing Unit
Birthing Beds (2)	No Description Available	Family Birthing Unit
Delivery Carts	No Description Available	Family Birthing Unit
Halo Basinet	No Description Available	Family Birthing Unit
Nitrous Oxide Machine	No Description Available	Family Birthing Unit
Philips Fetal Monitor (2)	No Description Available	Family Birthing Unit
Support person sleep surfaces (10)	No Description Available	Family Birthing Unit
Surgical Table	No Description Available	Family Birthing Unit

Over bed tables (14)	No Description Available	Family Birthing Unit, Paediatrics
STAR (monitor for panda or giraffe) (2)	No Description Available	Family Birthing Unit, Special Care Nursery
IPAD & case (2)	No Description Available	GGH - General
Microwave	No Description Available	GGH - General
Misc Office Supplies	No Description Available	GGH - General
Fridge (2)	No Description Available	GGH - General, Food Services
Coffee Days	For staff recognition, special days were held where coffee was provided to staff	GGH - General
Mission Nutrition	On special days, GGH staff were provided with subsidized nutritious lunch options for purchase	GGH - General
Leadership coaching	Professional development and support for GGH leaders helps to improve overall staff satisfaction, recruitment and retention	GGH - General
Holiday Meals	Special, free meals were provided to GGH staff working over the Christmas Eve and Christmas Day holiday	GGH - General
Marianne Walker Leadership Development Fund	The purpose of this fund is to promote lifelong learning by supporting Guelph General Hospital staff and professional staff in strengthening their skills. Three recipients were named in 2023-24.	GGH - General
Table/chairs/stools	To improve infection control compliance and patient experience	GGH - General
Pocket talker	To improve patient communication	GGH - General
Beavertails	To recognize and celebrate GGH teams during the winter, staff were treated to a pastry treat	GGH - General
Tooth Brushes/Paste	To support health and comfort of patients in need	GGH - General

Stretcher (33)	To transport patients between locations. New stretchers are more comfortable, and easier for staff to manoeuver.	GGH - General
Artwork	Various art pieces on loan from the Art Gallery of Guelph were on display for enjoyment of patients, care partners and staff	GGH - General
Baxter V8 Refurbished Pumps (25) & Wireless Batteries (25)	No Description Available	GGH - General
CADD Pumps (47)	No Description Available	GGH - General
Centrella 355 Smart+ with Therapeutic Max Surface Medical /Surgical Beds (10)	No Description Available	GGH - General
Replacement of Maxi Sky Ceiling Lifts (43)	No Description Available	GGH - General
Slings (70)	No Description Available	GGH - General
Med Safety Project - Software	Transforming the current pen-and-paper process for prescribing, dispensing and charting into an electronic process that incorporates modern medication safety practices, dispensing equipment, and software.	GGH-ITSM
Hillrom Centrella bed (2)	No Description Available	Intensive Care Unit
Mounted Welch Allyn monitors (10)	No Description Available	Intensive Care Unit
Recliner chairs for patients (Physiotherapy intervention) (7)	No Description Available	Intensive Care Unit
Subhairline EEG machine (2)	No Description Available	Intensive Care Unit
WoW - Carts and device replacement (13)	No Description Available	ITSM
Embedding Centre	A workstation designed for use during tissue embedding procedures. This device cuts tissue into thin slices to be examined under microscopes.	Lab

Stainer for Blood films (2)	Stainer for blood smear in labs to look at shape, size, and number of cells/unit. Staining blood makes abnormalities more clear.	Lab
Automated Osmometer	No Description Available	Lab
Autostainer (Automated Special Stainer) (2)	No Description Available	Lab
Cryostat	No Description Available	Lab
Cytocentrifuge	No Description Available	Lab
Freezer (-25 C)	No Description Available	Lab
Immunohistochemistry machine (2)	No Description Available	Lab
Heat Sealer (3)	To secure shrink-wrapping surgical instruments in medical pouches.	MDRD
Automated Return Line (5 Mod) w/ Door	No Description Available	MDRD
Cart Washer Utensil Rack	No Description Available	MDRD
Custom Shelving	No Description Available	MDRD
Implant Carts (2)	No Description Available	MDRD
Manifold, Basket Washer Disinfectors (6)	No Description Available	MDRD
Sterile Dryer	No Description Available	MDRD
Sterilization Trolley (2)	No Description Available	MDRD
Transfer Cart - Washer Disinfectors (4)	No Description Available	MDRD
Weighted utensils	No Description Available	Nutrition
Dermatome & Mesher (2)	A dermatome is a surgical instrument for producing thin slices of skin from a donor area, for use in skin grafts. One of its main applications is for reconstituting skin areas damaged by third degree burns or trauma. A mesher stretches the graft so it fits the area of application.	Operating Room

Myosure (3)	Allows the removal of pathology like retained tissue after pregnancy loss, polyps, and large fibroids in a way that is faster, less painful, and safer for the patient.	Operating Room
Universal Drill Systems	Hand-drill device for bone procedures.	Operating Room
4K Sinus Scope (4)	Inserted into the nostril to view swelling, bleeding, tumor, etc. Sometimes used for removal of objects.	Operating Room
Kubtic Mozart (Portable Mammography Imaging)	Portable specimen mammography machine that allows imaging right in the OR.	Operating Room
Resection Sets (Urology) (6)	Urologic surgical procedures include circumcision, cystoscopy, and cryotherapy. Specialty instruments used include dilators, probes, clamps, needles, retractors, forceps, scopes, and scissors.	Operating Room
Drager TOFSCAN	Used to measure muscle relaxation (neuromuscular block) during anesthesia. Helps determine if dose is appropriate.	Operating Room
Argon Electro Surgical Cautery Units	No Description Available	Operating Room
Endo Processor (Tower)	No Description Available	Operating Room
ERCP Stretchers (2)	No Description Available	Operating Room
Slim line colonoscopes (3)	No Description Available	Operating Room
Operating Rooms Refresh (2)	No Description Available	Operating Room
4K Wrist Scope and instrumentation with tray (7)	No Description Available	Operating Room
Bariatric Hunter Graspers (8)	No Description Available	Operating Room
Bariatric Table (OR table for surgery)	No Description Available	Operating Room
ENT Microscope (EOL) (2)	No Description Available	Operating Room
Fluid Management System (2)	No Description Available	Operating Room
Hotline Fluid Warming (6)	No Description Available	Operating Room
Laparoscopic Clips (4)	No Description Available	Operating Room

LAVH (lap vag hyster) Instrument Set with Rigid Container (DK - LIKELY TO BE FUNDED BY SURGICAL INNOVATION FUND)	No Description Available	Operating Room
Mastoid Drill	No Description Available	Operating Room
mobile Cart	No Description Available	Operating Room
On site refillable O2 Tanks (12)	No Description Available	Operating Room
OR Fracture Table	No Description Available	Operating Room
OR LIGHTS	No Description Available	Operating Room
OR LIGHTS Rm 6	No Description Available	Operating Room
Ortho Console (5)	No Description Available	Operating Room
Ortho Set - Shoulders	No Description Available	Operating Room
Portable Suction pump	No Description Available	Operating Room
Positioning Frame (Spinals)	No Description Available	Operating Room
Rigid Cystoscopes (10)	No Description Available	Operating Room
semi Rigid Ureteroscopes (4)	No Description Available	Operating Room
Tonopen (measures eye pressure)	No Description Available	Operating Room
Tympanoscope (ENT)	No Description Available	Operating Room
Blanket Warmer	Cabinet that warms blankets to provide warmth and comfort.	Operating Room, Family Birthing Unit
Cardiac Monitor (5)	No Description Available	Operating Room, Intensive Care Unit
Shower Chair	Vendor: THE STEVENS COMPANY LIMITED	Patient Care Rooms
Beds - 7C new unit (12)	No Description Available	Patient Care Rooms
CD Player (3)	No Description Available	Patient Care Rooms
DVD Player	No Description Available	Patient Care Rooms
Radio/Misc items	No Description Available	Patient Care Rooms
Waffle Cushion	No Description Available	Patient Care Rooms
Broda Chair (geri chair) (5)	No Description Available	Patient Care Rooms, Surgery
Welch Allyn Vital Signs Monitor (22)	No Description Available	Patient Care Rooms, Surgery, Emergency Department

HA1C Diabetes Machine	No Description Available	Patient Education
Laminar Flow Hood	No Description Available	Pharmacy
Doppler (2)	No Description Available	Post Anaesthetic Care
Massimo -oximetry for Gastric bypass post op (4)	No Description Available	Post Anaesthetic Care
Blood Pressure Monitor, Automatic	Machine automatically checks blood pressure and does not require pumping.	Pre/Post Bariatric
Bariatric Floor Scale (2)	No Description Available	Pre/Post Bariatric
Treatment chairs in oncology suite (6)	No Description Available	Pre/Post Bariatric
Rollator	Vendor: PERFORMANCE HEALTH	Rehab
Oximeter pulse fingertip	Vendor: SURGO SURGICAL SUPPLY	Rehab
Pulse Oximeter	Vendor: SURGO SURGICAL SUPPLY	Rehab
Quilting materials	Funds were provided to volunteers who made comfort quilts to support people who have experience sexual assault or intimate partner violence	Sexual Assault/Domestic Violence Treatment Centre
CPAPs (6)	Uses air pressure via an air mask and keeps airways open while the patient is asleep.	Sleep Lab
Bedside Supply Carts (11)	Contains supplies physicians may need conveniently placed within the patient rooms.	Special Care Nursery
Jaundice Meter	A non-invasive tool to measure bilirubin content to help reduce any blood and lab work.	Special Care Nursery
OR Carts	Carts ready with surgical equipment for the newly renovated Operating Room.	Special Care Nursery
Glider Rockers (2)	Comfortable chairs placed next to beds that rock and recline for breastfeeding and soothing babies.	Special Care Nursery
Phillips monitors with wall mounts (12)	Patient monitor for baby and mother that provides actionable patient information and connects teams across care settings. Monitors	Special Care Nursery

	heart rate, oxygen, blood pressure, temperature and more.	
Bili Lux (light)	No Description Available	Special Care Nursery
Bili-Soft (blanket)	No Description Available	Special Care Nursery
Camera FBU-OR	No Description Available	Special Care Nursery
Electrocautery	No Description Available	Special Care Nursery
FBU-OR - Computers (3)	No Description Available	Special Care Nursery
FBU-OR - Wall Mounts (2)	No Description Available	Special Care Nursery
Furniture	No Description Available	Special Care Nursery
Giraffe OminBed	No Description Available	Special Care Nursery
MP2 Monitor for transport inc.	No Description Available	Special Care Nursery
Wall mount Computers, bar-code scanners, arms (8)	No Description Available	Special Care Nursery
TIMS Medical	For identification of mechanical and anatomical swallowing impairments.	Speech Language Pathology
MRI Ventilator	A program to provide Hospital staff with nutritious meals at a subsidized cost.	Therapy
Respirometer (2)	Calculates rate of respiration. Commonly used with asthma, pneumonia and COVID patients.	Therapy
SiPAP (Infant CPAP) (3)	Infant CPAP machine delivers air to a baby's lungs.	Therapy
Transport Ventilators	Used in emergencies and for patient transportation. Provides oxygen for the patient automatically (at appropriate amounts/intervals).	Therapy
Cycle Ergometer	No Description Available	Therapy
PFT lab (whole unit needs to be replaced)	No Description Available	Therapy
Portable spirometer-OP CRS	No Description Available	Therapy

Stress Test system (goes with treadmill) (2)	No Description Available	Therapy
SuperTilt Wheelchair 20"	No Description Available	Therapy
Synthesis Tilt Recliner 22" seat	No Description Available	Therapy
Box Spring	For on call physician resting area	
Otoscope Pocket Scope (2)	Vendor: CARDINAL HEALTH CANADA INC.	
Equagel Cushion	Vendor: PERFORMANCE HEALTH	
Walker/Wheelchair brakes	Vendor: PERFORMANCE HEALTH	GGH - General
Rollboard	Vendor: STAT MEDICAL INC.	
Footstool (2)	No Description Available	
Life/form Suture kit	No Description Available	
Probe/Doppler	No Description Available	
Rack Manual	No Description Available	
Reagent Hbalc kit	No Description Available	
Water bottles/Printer	No Description Available	GGH - General
